About Me

I'm switching my career from Senior Investigator at the Police department to Front-end developer. I decided to make this change because I've noticed that the technology field is dynamic, exciting, and full of interesting challenges.

I've been learning front-end development for about a year and feel ready to work in a team. I am prepared to learn much and do my best to bring value to your company.

Education

FRONT-END DEVELOPMENT

Code Academy Nov 2022 - Feb 2023

4-month Front-end development course (560 hours), which includes: - 120 hours of HTML, CSS. - 200 hours of JavaScript. - 40 hours of Git. - 200 hours of React.js.
